

PRESS RELEASE

District Administration to Organise Career Counselling Sessions for JNV South West Garo Hills Students

Ampati, July 21: The District Administration, South West Garo Hills, has received a request from PM SHRI Jawahar Navodaya Vidyalaya (JNV), Kendrikona, to facilitate a series of Career Counselling Sessions for students of Classes X and XII to help them make informed academic and career decisions.

As per the proposal submitted by the Principal (In-Charge) of JNV South West Garo Hills, the counselling programme is proposed to be conducted from August 1 to August 15, 2026. The Vidyalaya has sought the support of the District Administration in nominating 12 resource persons or subject experts from various departments and professional fields to interact with the students.

The sessions are aimed at exposing students to diverse career opportunities, higher education pathways, competitive examinations, and skill development prospects, while also providing guidance on career planning and goal setting.

The District Administration is coordinating with the concerned departments and stakeholders to identify suitable officers and experts who can mentor the students through interactive sessions and share their professional experiences.

The initiative is expected to equip students with valuable insights into emerging career options and enable them to make well-informed choices for their future. The programme also aligns with the broader objective of promoting career awareness and empowering youth through informed decision-making.
