Subject: Status on Convergence activities

Sir,

The Govt. of India has time and again stressed on the importance of convergence of developmental activities for the success of development schemes/ programmes in the rural areas. This is more so with the launching of programme like the National Rural Employment Scheme (NREGS) and the Backward Region Grant Fund (BRGF) by the Government of India. It is, however, learnt that the DCs sometimes find it difficult in planning out convergence activities, as most of the District officers are not aware of the kind of funds that are available with them during a given year, until the actual fund are release, often towards the end of the year.

You are requested to furnish a note on the status of convergence activities in respect of your District, highlighting the difficulties/problems faced in this aspect so that corrective measures can be taken.
