

## PRESS RELEASE

### National Immunisation Day – Pulse Polio Campaign Conducted Across West Khasi Hills

**Nongstoin, June 29:** The Office of the District Medical & Health Officer (DMHO), West Khasi Hills District, today successfully conducted the National Immunisation Day – Pulse Polio Campaign across the district through various Pulse Polio booths.

The campaign aimed to ensure that every child below five years of age received the Oral Polio Vaccine (OPV) as part of the Government's continued efforts to keep the district and the country polio-free. Parents and guardians turned up at the various Pulse Polio booths to avail the free vaccination for their children.

Health officials also urged all parents to ensure that every eligible child receives the polio drops, as every dose plays an important role in protecting children against polio.
