GOVERNMENT OF MEGHALAYA

PRESS RELEASE

Training of District and Charge Level Officials for Census 2027

Held in West Khasi Hills

The Directorate of Census Operations, Meghalaya, conducted a training programme for District and Charge Level Officials for Phase-II (Population Enumeration) of Census 2027, focusing on the operational procedures, technical processes and responsibilities involved in the upcoming census exercise.

The programme was held at the Conference Hall of the Deputy Commissioner's Office, West Khasi Hills District, Nongstoin.

The training covered key topics, including the operational procedures of Census 2027 and the roles and responsibilities of administrative officers and clerks, along with the use of the Census Management and Monitoring System (CMMS) for Population Enumeration, including Enumeration Block (EB) formation, training, logistics and dashboard management.

Participants were also trained on Sub-Enumeration Block demarcation through the EB Creator, preparation of EB layout maps, abridged house lists and Charge Registers using CMMS. The sessions further covered the Population Enumeration Mobile App, including its setup, functionalities and practical demonstrations.

Other important topics included Census concepts and definitions, persons to be enumerated, Questions 1 to 40, data quality markers for monitoring, the SE Portal and the role of administrative officers. The training also highlighted media and publicity activities for Population Enumeration, management of printing, logistics and kit items, and the guidelines and framework for Phase-II training.

Among those present at the programme were Shri V. Swer, Additional Deputy Commissioner; Shri R.G. Kharkongor, BDO, Mawshynrut, Shri E. Lyngdoh, BDO, Nongstoin, along with other officials and participants.

The programme concluded with a feedback and reflection session, followed by the valedictory session.
