

PRESS RELEASE

Blood donation Camp under Swasth Nari Sashakt Parivar held in North Garo Hills

Resubelpara, September 25: Amid the on-going Swasth Nari Sashakt Parivar Abhiyan campaign launched from September 17 to October 2, the office of DM&HO Resubelpara held a Blood Donation drive at Resubelpara CHC, North Garo Hills on Thursday. This program under Swasth Nari Sashakt Parivar Abhiyan aims to promote women's health and empowerment through various initiatives.

Deputy Commissioner, North Garo Hills District, Dr. Abhishek Saini, IAS speaking as the chief guest during the program underscores the benefits of blood donation drive wherein he stated that the program focused on strengthening healthcare services particularly for women by screening and treatment of women's health issues.

"When a woman's health is improved it has a cascading effect on improving the overall health of the family and the society as a whole", said Dr. Saini.

Deputy Commissioner, Dr. Abhishek Saini, IAS extolled the volunteers of the D/120 BN CRPF, Mendipathar who turned up in numerous numbers, members of the A•we Pedallers Resubelpara and the voluntary donors of the society for participating in the blood donation drive.

Pressing the medical team to expedite effort in setting up a blood bank in the district, the DC said that it was imperative for the CHC to have a blood storage facility, ensuring blood availability as and when needed.

This he apprised while informing the status of the Resubelpara Community Health Centre being slated for upgradation to a First Referral Unit (FRU).

Earlier Health officers of Resubelpara CHC clarified myths around blood donation and informed that donors who donate blood not only saves life in emergencies and treatment but also improves the overall health of the blood donors.
